Arts Commission May, 1984

The Arts Commission, by mandate of the people of San Francisco, is the exclusive City agency authorized to certify artists to sell their handcrafted items throughout the year in designated public places.

*

"RESOLVED, That this Commission does hereby approve, as the philosophy of the Street Artists Program, the definition of 'Handcrafted Item': 'An item that shall consist of components predominantly created or altered in form by the Street Artist or Craftsperson.' RESOLVED further, that the foregoing statement shall define the policy of the Art Commission with respect to the Street Artists Program; that the statement shall be applied to the Program wherever possible; and that the Advisory Committee of Street Artists and Craftsmen Examiners shall review - with this statement - the wares of applicants accordingly."

- Art Commission Resolution #1981-984, adopted August 3, 1981.

*

HOW TO OBTAIN A CERTIFICATE

1) Come to the Arts Commission between the hours 9:00 a.m. - 12:00 noon or 1:00 p.m. - 4:00 p. Monday through Friday, and fill out an Application for Street Artist Certificate. (Or request an application by mail.)

2) By mail, you will receive an appointment to appear with your works before the Advisory Committee of Street Artists and Craftsmen Examiners.

3) At your appointment, show the Committee samples of each craft that you wish to sell. The Committee requires that you bring (a) finished

samples; (b) unfinished samples; (c) tools; and (d) sales receipts for materials used in your crafts. The Committee will examine your works to verify that you made them, in accord with criteria adopted by the Art Commission (see page 13). If necessary, for further verification, the Committee may elect one of its members to visit you at your studio and watch you make your craft. The Committee will initial your application with a recommendation to the Executive Director of the Arts Commission that you be either certified or denied certification. In the case of recommendation of denial, you may appeal for a hearing with the Arts Commission's Street Artists Program Committee, the Arts Commission itself, and the Board of Permit Appeals.

4) If your works are accepted, and if the Arts Commission has received no charges filed against you of deception resorted to in obtaining the certificate, or any other violation of the applicable provisions of the Municipal Code, you may purchase the certificate on the following day or thereafter from the Arts Commission. The fee is $20 for a certificate valid for three months, or $80 for a certificate valid for one year, from the date of issuance. You must supply two photographs of yourself for certification.

Listed on the certificate is your name, the crafts you are authorized to sell, and the date of the certificate's expiration.

The certificate is non-transferable. The only person who may sell the crafts is the person whose name is listed on the certificate (only one name per certificate). If you have a partner in the creation of your craft (provided that there does not exist an employer-employee relationship), and your partner wishes to sell, your partner's name must be listed on your application at the

time it is submitted. Your partner would then be able to sell but would have to purchase his own certificate. If you wish to add a partner after you have applied or have been certified, your partner must apply and wait for an examination.

5) State law requires that you, as a street artist, obtain a State Seller's Permit to enable you to collect sales tax on the items you sell. The permit is obtainable at the State Board of Equalization (350 McAllister Street, Room 2262; telephone 557-1877).

6) With your certificate, you are entitled to sell in any of the designated sales areas. A lottery system conducted on Beach Street assigns both the Wharf and Downtown area spaces. A lottery system exclusively for portrait artists and caricaturists assigns the spaces on Leavenworth Street (between Beach and Jefferson Streets).

7) The rules for displaying are enumerated in Ordinance 41-83, Section 2405. Basically, your setup can be no wider than four feet, no deeper than three feet, and no taller than five feet. The setup must be eighteen inches away from the curbline, at least five feet away from the display of any other street artist, and not within twelve feet from the outer edge of an entrance to a building. You may not set up adjacent to a curb designated as either a white, yellow, or bus zone. You may sell during the hours of 6:00 a.m. to 12:00 a.m. (midnight) only.

HOW TO OBTAIN A SALES SPACE BY LOTTERY

DOWNTOWN AND FISHERMAN'S WHARF AREAS:

Both the Downtown and Fisherman's Wharf Lotteries are held on Beach Street by Aquatic Park. The Downtown Lottery is held on Monday, Wednesday, and Friday. The Wharf Lottery is held on Tuesday, Thursday, and Saturday.

1) At 8:45 a.m. (Tuesday, Thursday, or Saturday for Wharf Lottery), come to Beach Street and present your street artist certificate to a member of the Lottery Committee or one of three lottery helpers. These people can be identified by their small pad of blue slips upon which they will write your name, certificate number, and primary craft.

2) At 9:00 a.m., the blue slips are separated and dropped into a container by the helpers, and the crowd congregates on the lower steps.

3) One helper draws out the slips; each name and number is called out; and the number only is recorded on a pull-out sheet.

4) You may retrieve your slip at this time and decide whether you wish to sell on the same day or later. (The Tuesday and Thursday lotteries are for two days each; the Saturday lottery is for three days.) If you wish to use your number the first day, go to the wall where the Lottery Committee member is signing in. This person or a helper will call for all slips under a given number and will arrange them in numerical order and hand them in order to the person doing the sign-in. This person will call out the name and number on the slip, at which point you are given the opportunity to select a space. The space

number and date are written in the appropriate box on the slip, and it is handed to you. You must claim your space before noon; otherwise you may forfeit it. (See "Noontime Rule.")

5) If you do not wish to sell the first day, keep your slip in a safe place and return to the same area just before 9:30 a.m. on Wednesday, Friday, Sunday or Monday when sign-in only takes place. (Also: If you miss a main lottery, a mini-lottery is also held on sign-in days.) The procedure is similar with a helper and a pad of blue slips, but numbers are drawn at the end of the sign-in from the main lottery.

6) The law requires you to have your lottery slip with you at all times while selling and to show it to a Police officer upon request. The street artist certificate must be on display at all times while selling.

LEAVENWORTH STREET LOTTERY (FOR PORTRAIT ARTISTS ONLY) (Note: The Leavenworth Street Lottery assigns ten spaces on Leavenworth Street, west side, between Jefferson and Beach Streets - the area listed as Area No. 10 of Ordinance 572-77. The Lottery assigns spaces for one-day occupancy only. On Tuesday, two drawings for spaces are held - one for Tuesday, one for Wednesday; on Thursday, two drawings are held - one for Thursday, one for Friday; and on Saturday, three drawings are held - one for Saturday, one for Sunday, one for Monday. The Lottery Committee is composed of three certified portrait/cartoon artists elected by the artists eligible for this lottery. These artists are certified for all-media "portraits," "cartooning," and "caricatures" - portrait artists who create their work on the street. The Leavenworth Lottery procedure was adopted as Resolution #1980-708 by the Art Commission on October 6, 1980.)

HOW TO OBTAIN A SALES SPACE BY LOTTERY

1) At 9:30 a.m., come to Leavenworth Street and present your certificate to the Lottery Committee member running the day's lottery.

2) The Committee member writes your name and certificate number on a white lottery slip, folds the slip over on its pad and retains it.

3) The Lottery Committee member separates all slips and drops them into a container. The Committee member then draws the slips out and calls out the names and numbers.

4) You retrieve your slip at this time and, depending on your numerical order in the pull-out, you tell the Committee member your choice of one of the vacant spaces for that day.

5) Your space number and the date for which you will sell are written by the Committee member on the slip; the slip is signed by the member and given to you. Your name is entered next to your selected space appearing on a space assignment sheet. (A copy of this sheet is later submitted to the Street Artists Program office.)

6) When all artists of the 9:30 lottery have selected their spaces for that day, a lottery for the following day will commence, pursuant to the above procedure. (On Saturdays, a third drawing - for Monday - will commence immediately after the second drawing.)

7) You must have your lottery slip with you at all times while occupying the space and show it to a Police officer upon request.

8) Other rules: You are not allowed to trade your space with another artist. No fees, spaces, or any consideration whatsoever are paid to the volunteers conducting the lottery or collected by

the Arts Commission to establish or supervise the lottery.

ARTS COMMISSION HEARING PROCEDURE OF STREET ARTIST VIOLATIONS; PENALTIES FOR VIOLATIONS

The Street Artist Ordinance, Proposition L approved by the voters on November 4, 1975, grants to the Arts Commission jurisdiction to regulate street artists and to issue street artist certificates. Proposition L makes it unlawful for any person to sell a handcrafted item in any public street or public place where it is permissible, without either a street artist certificate or a peddler's permit. It further prohibits the sale by a street artist of a handcrafted item in an area not designated for street artist activities without a peddler's permit. Article 24.2, Section 2408, of the San Francisco Police Code empowers the Arts Commission to deny, suspend or revoke a street artist's certificate for violation of the street artist regulations after a public hearing and for good cause shown.

The Arts Commission may, but need not, require submittal of a Police report before proceeding with the denial, suspension or revocation of a street artist's certificate. The Arts Commission may proceed based on the submittal of a written report by its staff, a street artist, or by anyone. The procedures followed by the Arts Commission or other permit-issuing bodies for the suspension or revocation of permits is a civil proceeding separate and apart from any criminal sanctions that may be applicable.

In the event of the Arts Commission receiving notices of two convictions of criminal violations of street artist regulations by an artist,

within a twelve-month period, the Commission may notify the artist that the certificate may be subject to review for possible suspension/revocation.

The Arts Commission is empowered to suspend or revoke a street artist's certificate, after a public hearing, both pursuant to its express power to revoke for good cause shown contained in the street artist regulations and under the general and discretionary powers granted to all permit-issuing departments as set forth in Sections 24 and 26 of Part III of the San Francisco Municipal Code.

Street artist violations are heard by the Commission's Street Artists Program Committee who makes recommendations for either acquittal, suspension, revocation, or denial of certification. The recommendation is submitted to the Commission who, by resolution, may amend, adopt, or disapprove the recommendation.

Any suspension or revocation commences two (2) weeks after the Arts Commission's resolution, allowing ten (10) days for the artist to file an appeal with the Board of Permit Appeals.

Failure to appear for any violation hearing may result in a Program Committee recommendation of the penalty for the violation of which the artist has been charged. If this recommendation is approved by the Arts Commission, the artist may either file an appeal with the Board of Permit Appeals within ten days or request a rehearing with the Program Committee within ten days from the date of the Commission's resolution. Such request for rehearing must be in writing and must state succinctly the grounds upon which such rehearing is requested. If new evidence is relied upon as a ground for rehearing, the request shall show: (1) the nature and character of the

new evidence; (2) the names of the witnesses and/or a description of the documents to be produced; (3) why the evidence was not produced, and why the artist did not appear, at the original hearing.

There shall be a penalty of two (2) months suspension of certificate for a first offense of any of the following violations, and there shall be a penalty of revocation of certificate for a second offense of any of the following violations if the person has been found in violation by the Arts Commission within the twelve-month period immediately preceding the current offense, and that finding has not been overruled by the Board of Permit Appeals: (1) Display of items not in accord with Arts Commission criteria; (2) Display of items not of the artist's own creation; (3) Display of items not certified by the Arts Commission; (4) Display of items by salesperson or another artist on behalf of a street artist; (5) Transference of certificate to any other person; (6) Display of items and/or participation in Arts Commission lottery by artist during period of certificate suspension; (7) Participation in Arts Commission lottery without a State Board of Equalization Resale Permit; (8) Signing in for more than one space on any given day (all lotteries included). (Lottery sign-up sheets will be kept by the Arts Commission for a period of six months.); (9) Failure to occupy a space for which the artist has signed. Occupying a space means an artist setting up the working display and the artist selling in the space for a minimum duration of three hours. In the event of a question of occupancy of a space, the Lottery Committee workers shall have available an Arts Commission document slip containing spaces for the signatures of three witnesses, to be submitted as evidence to the Arts Commission.

ARTS AND CRAFTS CRITERIA

The Advisory Committee of Street Artists and Craftsmen Examiners applies the following criteria, adopted by the Arts Commission, in the examination of arts and crafts of all applicants for certification:

BEAD MAKING: If a craftsperson makes his own beads, he may sell them either individually or strung as a piece of jewelry. If the beadmaker creates a string of beads which includes his handmade beads as well as purchased beads, the rules for BEAD STRINGERS are applied.

BEAD STRINGING: Beads cannot be sold the same as when purchased: when strung by the craftsperson, their design must be different from the original purchased design. Individual beads not made by the craftsperson cannot be sold separately. No purchased bead, shell, bangle, or crystal may be attached to a store-bought neck ring or chain.

Earrings and Stickpins: Earrings and stickpins must have a numerical minimum of two (2) components in addition to their "findings" (working parts - for example, ear wire, jump rings, catches, posts.) A commercially manufactured pendant may be permissible in an earring when the pendant has been determined by the Advisory Committee to be an integral element of, and/or subordinate to, the total design of the earring. Handmade clasps may be acceptable as components, but handmade jumprings are not. Chain must be broken and a design structure added; cord must be braided, knotted, or cut between the clasps.

Pendants: The pendant, stomacher, brooch, cameo, and medallion part of the bead art object of sale must be an item predominantly created or altered in form by the street artist or craftsperson. Exception:

a commercially manufactured pendant may be permissible in a beaded necklace when the pendant has been determined by the Advisory Committee to be an integral element of and subordinate to the total design of the necklace.

CANDLES: Wax, as a raw material, may be changed into any variety of forms by direct manipulation; candles dipped, fabricated, and molded from original designs are acceptable. Candles made from molds not created by the craftsperson must show a change from the original mold. Candles made from kits are not acceptable.

CASSETTE TAPES: In its examination, the Advisory Committee shall listen to the tape for which the artist seeks certification and shall hear and view the live performance. A copy of the artist's tape shall be given to the Street Artists Program and shall be part of the artist's file. The artist's tape must be copyrighted with the Copyright Office, Library of Congress, and a photocopy of the copyright form(s) shall be given to the Street Artists Program and shall be part of the artist's file. The artist/performer of the tape shall not have to be the author of the performance. Other artists/performers involved in the recorded performance may be eligible for certification to sell the tape under the following conditions: (a) the performer(s) must apply for certification as family unit members with the primary artist of the tape. ("Family Unit": Two or more persons jointly engaged in the creation or production of an art or craft item, no one of whom stands in an employer-employee relationship to any of the other members thereof); (b) a technician involved

in the recording of the performance may be considered as a family unit member if the technician uses the technology as an instrument in the performance.

CASTINGS, CERAMICS, SCULPTURE: If the finished item is produced by starting from raw materials by reduction or fabrication, it is considered handcrafted. Original molds from non-original objects are acceptable only if of a highly innovative nature, or only if they represent a new way of conceptualizing the original object. Ceramic glazes containing lead will not be allowed on kitchenwares.

COIN CUTTING: Same criteria as for FABRICATED AND/OR CAST JEWELRY.

DECOUPAGE: The craftsperson must use original work or original photography, or else the pictures must be on self-made backing which in itself would qualify as a handicraft.

DOUGHCRAFT: Same criteria as for CASTINGS, CERAMICS, SCULPTURE.

ENAMELING: Designs must be the original work of the craftsperson. Commercial stencils are unacceptable.

ENGRAVING: The only items that may be engraved upon and displayed are items that have been certified as the artist's own creation.

FABRICATED AND/OR CAST JEWELRY: The craftsperson must make jewelry by fabricating and/or casting with raw materials such as silver, gold, bronze, etc. Casting from commercial wax patterns is not acceptable; the craftsperson must make original molds from original work. Assembly alone does not consti-

tute being handmade. If items are fabricated or cast, the craftsperson does not necessarily have to do his own lapidary work; but stones not cut by the crafts person cannot be sold separately. (Stones cut by the craftsperson can be sold separately. See criteria for LAPIDARY.)

FEATHER ART: The feather work must be constructed by the craftsperson, using feathers and other accessories. Pre-strung boas, pre-glued mats, and other pre-constructed pieces are unacceptable. No items containing feathers from endangered species will be allowed.

FIBRE ART: Macrame, crochet, knitting, weaving and other fibre crafts start with unknotted cord, string, rope or yarn, producing a finished product using a series of knots and braids with the option of other materials. Fibre spun and dyed by the craftsperson can be sold unknotted and unbraided.

FOUND OBJECTS: See criteria for CASTINGS, CERAMICS, SCULPTURE; and MISCELLANEOUS.

GLASS ART (BLOWN GLASS AND STAINED GLASS): Blown glass is heated and blown by the craftsperson. Stained glass is cut by hand and painted or silkscreened or arranged to produce a design or pattern.

KITE-MAKING: See MISCELLANEOUS.

LAPIDARY: The artist must cut, polish, and engrave all stones to be sold, and must demonstrate knowledge of the tools of lapidary.

LEATHERCRAFT (INCLUDING BELTS AND SOFT CLOTHING): All tooling must be done by hand (no machine design work, "rolled" or "clicker" allowed.)

Sewing machine-applied designs are allowed. No belt buckle may be sold separately unless it is made by the craftsperson.

Sale of Buckles and Belts: No commercially manufactured buckle may be displayed without being functionally attached to a certified belt.

MILLINERY: A hat body that is significantly altered in form by the artist through the process of blocking or shaping, with the addition of adornments and trim (examples-ribbons, feathers, flowers, etc.).

MISCELLANEOUS ITEMS: Any craft which takes a material and changes it into an entirely different shape, design, form, or function is acceptable as a handcraft. Any purchased kit is not acceptable, even though it may be assembled by hand. An exception may be made for certain kits such as extremely complicated model airplane kits.

MUSICAL INSTRUMENTS: CASTINGS, CERAMICS, SCULPTURE and WOODCRAFT criteria apply, except in exceptional cases.

PAINTING AND DRAWING: All traditional and experimental works are acceptable, so long as the artist is the instigator, maker, or collaborator on work containing his own signature. (For multiples, see criteria for PRINTMAKING.)

PAPER AND PAPIER MACHE CRAFT: The criteria for SCULPTURE and FABRICATED JEWELRY apply to papier mache. Handmade paper is acceptable if the artist works from the raw materials to the final product.

PHOTOGRAPHY: The artist must do the original

shooting of the subject. Self-developing film camera work should be employed in some conceptually unique manner. If the artist does only the shooting, the number of prints by commercial printers is limited to the following: machine commercial prints limited to 200; machine custom prints limited to 300. Each print must be signed and consecutively numbered, bearing the letter "s" for street sale, with the edition number - for example, 1/200s, 2/200s. (The number must be visible.) For each numbered edition, a "justification" as required by the California Print Statute must be signed and filed with the Street Artists Program office.

PIPES: See CASTINGS, CERAMICS, SCULPTURE; MISCELLANEOUS ITEMS; and WOODCRAFT.

PLANTS AND DRIED FLOWERS: All dried flowers must be collected and not purchased, unless the flower container is handmade. No plants are acceptable unless their container is handmade.

PLASTIC AND METAL ARTS: See criteria for CASTINGS, CERAMICS, SCULPTURE; GLASS ART; and WOODCRAFT.

PRINTMAKING: The artist must do the original artwork. If prints from the original are also done by the artist, the number of prints allowed for sale is unlimited. If the printing is not done by the artist, the number of prints allowed for sale is limited to 500 per edition. Each print must be signed and consecutively numbered, bearing the letter "s" for street sale, with the edition number - for example, 1/200s, 2/200s. (The number must be visible.) For each numbered edition, a "justification" as required by the California Print Statute must be signed and filed with the Street Artists Program office.

PUPPETS AND DOLLS: See criteria for either CASTINGS, CERAMICS, SCULPTURE or SEWN ITEMS.

SEWN ITEMS (INCLUDING SOME PUPPETS AND DOLLS): Beginning with a basic fabric, cutting and sewing it together to produce a finished product, the item is acceptable (examples: garments, toys, applique, pillows). But application of mass-produced commercial patches or iron-ons is unacceptable. Patches and iron-ons designed by the artist, but not reproduced by the artist, will have limited editions (see PRINTMAKING criteria).

SHELL JEWELRY: The craftsperson may not mount a shell on a store-bought neck ring. If the shell is worked on (and then mounted on a store-bought neck ring), it falls into the acceptable LAPIDARY category.

STRING SCULPTURE: See MISCELLANEOUS ITEMS.

TERRARIUM-MAKING: The terrarium must be planted by the craftsperson, or, in the case of unplanted terrarium, it must be constructed from raw materials. Bottles by themselves are unacceptable. Plants by themselves are unacceptable.

TEXTILE ARTS: Handmade textiles are defined as follows: beginning with cloth or garments and making or changing or adding a pattern or design - for example: batik, tie dye, handpainting, airbrushing, silkscreening. Mass-produced, commercial decals are unacceptable. If the artist makes the original design (to be applied to the textile), but the design is not reproduced by the artist, limited editions are required (see PRINTMAKING criteria).

TOY MAKING: Toys must contain no toxic materials; the toymaker must demonstrate that the toys are safe. Toys are generally covered under the criteria for CASTINGS, CERAMICS, SCULPTURE; WOODCRAFT; and SEWN ITEMS. All other toys will be generally considered under MISCELLANEOUS.

WOODCRAFT: The craftsperson must start with a rough piece of wood, slab, or log, and change the shape of the wood into a finished product. Staining a pre-cut or pre-routered shape is not considered a handmade craft.

* * *

INVOICE REQUIREMENTS FOR ALL STREET ARTISTS: A thorough review of all current invoices for tools, supplies, and materials will be made at all the arts and crafts screenings and re-screenings. Failure to produce good invoices, showing the name of the seller, name of the buyer, date of sale, description of items purchased, and the price for each item, may be grounds to recommend refusal or revocation of certification. The Advisory Committee of Street Artists and Craftsmen Examiners recognizes that some materials used in producing art and craft works are found, traded for, or even home-grown. Exceptions of this type will be made. In order to maintain accurate records for possible violations, some invoices and records may be photocopied during the screening and placed in the applicant's file.

*

CERTIFICATION POLICIES
(adopted by Arts Commission)

CERTIFICATE RENEWAL PERIOD: A street artist certificate must be renewed within ten (10) office work

days prior to and including its date of expiration, or ten (10) office work days after its date of expiration. (Failure to renew results in forfeiture of certificate.) (adopted May 3, 1982)

CERTIFICATE RENEWAL BY MAILED PAYMENT: Whenever a street artist comes to the Street Artists Program office for renewal of certificate, the artist may sign and leave on file two blank certificate cards and necessary postage for mailing of the cards; upon receipt of the artist's mailed payment for each of the next two renewals, the staff shall validate and laminate the signed card and shall mail it to the artist. (adopted July 12, 1982)

TIME LIMIT FOR APPLICANTS TO RESPOND TO NOTICE OF EXAMINATION: Applicants for certificates, who receive notice of examination of their arts and crafts, must respond within thirty (30) days from the date of the notification in order to receive an appointment with the Advisory Committee. (This provision and the due date for response shall be stated in the notification.) Failure to respond within the time period shall result in forfeiture of applicant's position on the waiting list. (adopted March 5, 1979)

TIME LIMIT ON ISSUANCE OF CERTIFICATE: A period of ten (10) office work days from the applicant's examination of wares shall be allotted for the applicant to obtain a certificate. (adopted June 4, 1979)

GRANTING PRIORITY IN ISSUANCE OF NEW CERTIFICATES TO FORMER CERTIFICATE-HOLDERS: The only cases for consideration shall be those who file an appeal within ninety (90) days of the date of their certificate's expiration, with the exception of those cases who submit with their request documentation of medical reasons for inability to renew. All cases approved for the issuance of new certif-

icate must be re-screened by the Advisory Committee before certification is granted.
(adopted December 3, 1979)

CERTIFYING NEW APPLICANTS: It shall be the policy of the Street Artists Program to screen new applicants at a monthly rate in accord with the number of people leaving the Program each month (that is, the number of people who forfeit their certificate by not renewing it). (adopted May 4, 1981)

ISSUANCE OF TWO CERTIFICATES TO EACH STREET ARTIST: Two certificates shall be issued to each street artist: one to be affixed to the display in a prominent location at all times while the artist is selling; the other to be carried by the artist for use in entering in and participating in the Arts Commission's lottery system for the assignment of sales spaces. (adopted August 3, 1981)

WHARF AND DOWNTOWN LOTTERY RULES AND LOTTERY COMMITTEE GUIDELINES

The following rules and guidelines were drafted by the Wharf and Downtown Lottery Committee in January, 1976, revised February and June, 1976, and in June, 1978; and amended by the Arts Commission in October, 1980 (elimination of numbers trading):

LOTTERY RULES

All guidelines involving the running of the lotteries have been voted on by the street artists who participate in the lotteries. Rules governing the Lottery Committee are voted on by the street artists or by the Committee when dealing with internal affairs. The Lottery Committee was conceived and voted upon by the craftspeople as an advisory committee, working for and by the street artists themselves as per suggestion by the Board of Supervisors and the Art Commission with the implementation of Proposition 'L'.

I AMENDMENT PROCEDURE

Issues of policy may be put to a vote of street artists at a lottery and such vote must be conducted by the Lottery Committee, but final approval of any vote rests with the Art Commission. Issues to be voted on are announced at the 9:00 a.m. lottery on Saturday at Beach Street. On the following Saturday these issues may be voted on and, if passed, submitted to the Art Commission for approval.

Any street artist may collect 25 signatures of valid street artists which automatically ensures a ballot the week after presentation of signatures at a Saturday lottery at Beach Street.

II AREAS LOTTERIES TAKE PLACE

There are two designated major areas: WHARF AREA and DOWNTOWN AREA. Lotteries for both areas take place behind the Maritime Museum, Aquatic Park, Beach and Larkin Streets.

III CERTIFICATION

Display on Stand - All artists who sell in a legally designated space must display their certificate and lottery slip during the day they are selling, at all times.

Entering Lottery - Street artist must present a valid certificate with State Board of Equalization resale permit number recorded on it by the Art Commission. The Lottery Committee allows only artists with valid certificates to enter the lotteries. Artists with expired certificates may not sell in designated sales spaces. The Art Commission has ruled that if an artist is late in renewing a certificate, that artist must re-apply and be screened as a newcomer, having his/her application placed at the end of a long line of applicants.

DON'T LET YOUR CERTIFICATE EXPIRE! RENEW A FEW DAYS AHEAD OF YOUR EXPIRATION DATE!

IV DESIGNATED SPACE SLIP

A blue lottery slip is issued for Wharf Area spaces, a gold lottery slip is issued for Downtown Area spaces. These lottery slips contain the name, certificate number, and craft of the street artist as well as the lottery number and date of lottery that number was obtained, space designation and date for that designation (not always the same dates as lotteries are for two- or three-day periods), and the name of Lottery Committee member that supervised that particular lottery day. This lottery slip should be displayed on the artists' stands with their certificate during the day they are selling.

V ELECTION OF LOTTERY COMMITTEE

Three (3) weeks before election of members, an announcement is made at main lotteries, asking for nominations. All nominees must have valid certificates and be active street artists. Nominations are accepted up to one week before the election. There is an election every three months for half of the Committee. Each term

is for six months. However, if more than five openings are open at any election, the person receiving 6th or more place in votes will serve only three months, keeping in balance a staggered election of half of the Committee being elected every three months.

Ballots containing names of nominees are to be posted at the Art Commission at least one week before elections. Elected volunteers to the Lottery Committee are subject to approval by the Art Commission upon submission of final vote tally.

The elected Secretary of each new Lottery Committee is responsible for the printed ballots at elections, the keeping of minutes of meetings of the Committee, and the submission of said minutes to the Art Commission.

VI HELPERS RULE

Helpers must be present 20 minutes before lottery time. To be eligible as a lottery helper, you must have the highest drawn number from the previous lottery period. If the scheduled helper does not appear 20 minutes before the lottery, the next highest drawn number may take the place of the scheduled helper. There are three (3) helpers needed for main lotteries and one (1) helper for sign up/mini-lottery secondary lottery days. This is a set rule and not up to the discretion of the Lottery Committee member running the lotteries. You CANNOT be a helper for the following reasons:

If you have a 'last' number not drawn from the lottery barrel.

If you are a Lottery Committee member.

If you have traded your number.

If you are not present 20 minutes before lottery time.

If you don't have your lottery slip.

If your certificate is not valid.

If you have used a numbered slip in the lottery period for which you are to help, with the exception of Monday.

(Lottery helpers on a main lottery day may not enter the lottery for the next day. Monday helpers can enter Saturday main lottery.)

VII INFRINGEMENTS OF GUIDELINES

By Committee members may result, after a hearing conducted by the Art Commission, in dismissal from the Lottery Committee if: Two (2) scheduled Lottery meetings are not attended (consecutively); Committee member fails to appear to run Lottery on his/her scheduled day, twice during their elected term. There is no appeal procedure for this infringement; however, for other infringements there may be a written appeal and hearing granted by the Lottery Committee. Replacement of Committee members: if opening occurs in first two months after a recent election, then person with the next highest vote (alternate) in that election is the replacement. If vacancy occurs during the month of an election, then the current Committee will draw lots and fill in open days to run lottery until next election takes place.

All Lottery Committee members are expected to uphold all lottery rules and guidelines of the

Art Commission and all laws described in Proposition 'L' of the ballot of November, 1975. Any infringement of these laws by any member of the Committee may result, after a hearing conducted by the Art Commission, in dismissal.

VIII LOTTERY PROCEDURE

Committee member and three helpers on main lottery days begin one half hour before lottery time (9:00 a.m.) to list name, certificate number, and craft on a blue or gold lottery slip (depending on the lottery area). Committee members and/or helpers are responsible for entering only valid certificate numbers into lotteries.

Lottery slips are placed in a barrel by Committee member and helpers. One helper draws lottery slips from barrel at 9:00 a.m. and lists the order of drawing (number) on each lottery slip. Another helper records each number with corresponding Certificate number on a record sheet. In another place, away from the barrel and drawing of numbers, the Committee member and the third helper record space selections for designated selling spaces for that day. A second record sheet is used to record what certificate is used (in order) when selection for space is recorded by the Lottery Committee member. This insures a 'double check' so that the same number cannot be used two (or three) days in a row to obtain a selling space. On the second (or third) day there is a similar 'sign-up' for space selection done in the same manner. Anyone not using their number on the first 'sign-up' may use it on the second day. After all artists with a numbered lottery slip have chosen a space, a mini-lottery is held for remaining spaces (see X MINI-

LOTTERIES). This is open to anyone who has not participated in the main lottery or has already used his/her number on the first day 'sign-up'.

IX MEETINGS

Time, place, and frequency of meetings are decided by the current Lottery Committee and can be changed after each election. Lottery Committee meetings are patterned after the Art Commission meetings; they are open to spectators who may speak only on invitation or request of the Committee. At the first meeting after each election, the Committee elects from its members a Chairperson and a Secretary. Each Lottery Committee member is allowed up to one month leave of absence. If a member takes longer than one month away from Lottery meetings and activities, the member is automatically dismissed from Committee.

X MINI-LOTTERIES

Held on the second (or third) day of a Lottery period, to determine the order in which persons wishing to sell that day may select spaces that have been left over. The mini-lottery may be entered on secondary lottery day by persons who did not participate in the main lottery. One cannot enter the mini-lottery while 'holding' or not using a main lottery number/slip.

XI NOONTIME RULE

The twelve o'clock (12:00 noon) rule: display must be set up in selected space by noon or the space and lottery number will be forfeite. Such space(s) will be re-assigned by the Lottery Committee member for the day to anyone

wanting it. If more than one person wants said space, the person with the lowest (not used) lottery number has preference. Anyone selecting a space in this way will be considered as having chosen to sell on that day and will be recorded as having used his/her lottery number for that space. A part of the working display must be placed in the selected selling space by noon and working display is defined as such. A brick, milk box, board or blanket does not constitute a part of a working display.

XII POLITICS

The Lottery Committee shall remain non-political and shall not initiate any political activity unless a petition of twenty-five (25) valid, active street artists requests the Lottery Committee to do so. Any such activity can pertain only to the Lottery, selling spaces, or street artists selling in lottery spaces.

XIII SPACE SELECTION

Spaces are assigned in order of the number and name drawn on the first day of the lottery period. A space may be selected for either day of that period, but the artist may not select a space again for the duration of that period until all other artists holding lottery numbers have had their chance to select a space.

XIV STATE BOARD OF EQUALIZATION RESALE PERMIT AND NUMBER

Must be recorded by Art Commission on certificate to be valid for entry into lottery.

XV TIME OF LOTTERIES (WHARF AND DOWNTOWN)

WHARF AREA: Main Lottery - 9:00 a.m.
TUESDAY, THURSDAY, SATURDAY

Secondary Lottery - 9:30 a.m.
MONDAY, WEDNESDAY, FRIDAY and SUNDAY. This is a 'sign-up' lottery and mini-lottery time.

DOWNTOWN AREA: Main Lottery - 9:00 a.m.
MONDAY, WEDNESDAY, FRIDAY

Secondary Lottery - 9:30 a.m.
TUESDAY, THURSDAY, SATURDAY. This is a 'sign-up' lottery and mini-lottery time.

Each lottery is for a two-day period, with the exception of the Wharf Area Lottery on Saturday which is for Saturday, Sunday, and Monday.

Main lotteries are for drawing of names and numbers and first day sign-up. Secondary lotteries are for sign-up and mini-lotteries.

Lottery days and times are prescribed in an ordinance by the City and County of San Francisco and can only be changed by the Board of Supervisors.

Re: Jurisdiction of Art Commission to Suspend or Revoke Street Artist's Certificate

Dear Mr. Lazar:

This is in response to your request for our written advice with respect to the questions posed in your letter dated August 6, 1982. Your questions and our responses thereto are set forth below.

(1) Is it within the Art Commission's jurisdiction to suspend or revoke the certificate of a street artist who has displayed or sold items he has not made, in a location not designated for street artist activities but adjacent to a street artist location?

Yes. Proposition L, an initiative ordinance approved by the voters on November 4, 1975, grants to the Art Commission exclusive jurisdiction to regulate street artists and to issue street artist certificates. Proposition L makes it unlawful for any person to sell a handcrafted item in any public street or public place where it is permissible without either a street artist's certificate or a peddler's permit. It further prohibits the sale by a street artist of a handcrafted item in an area not designated for street artist activities without a peddler's permit. Article 24.1, Section 1729, of the San Francisco Police Code empowers the Art Commission to revoke a street artist's certificate for violation of the street artist regulations after a public hearing and for good cause shown.

In addition to the powers granted it under the street artist regulations, the Art Commission has those general powers applicable to all permit-issuing departments contained in Part III of the San Francisco Municipal Code. Section 24 of Part III provides in relevant part as follows:

ART COMMISSION
CITY
S
FEB
STREET ARTISTS PROGRAM

> Any department authorized to issue, revoke or transfer permits or to act on applications for any of said purposes . . . may revoke any permit subject to issuance by said department when it shall appear that the business or calling of the person, firm or corporation to whom it was granted is conducted in a disorderly, improper or hazardous manner, or that the place in which the business is conducted or maintained is not a proper or suitable place in which to conduct or maintain such business or calling.

Section 26 of Part III provides in relevant part:

> In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the granting or revoking power may . . . exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Although the street artist regulations do not expressly prohibit a street artist from selling an item he or she has not made in an area not designated as a street artist location without a peddler's permit, such activity clearly violates San Francisco's laws with respect to commercial use of streets and other public places of which the street artist regulations are an integral part. Moreover, where the street artist sells non-handcrafted items in an undesignated area without a peddler's permit, he or she compromises the integrity of the Street Artist's Program. Thus, the Art Commission is empowered to suspend or revoke the street artist's certificate for such activities, after a public hearing, both pursuant to its express power to revoke for good cause contained in the street artist regulations and under the general Part III powers granted to all permit-issuing departments set forth above.

(2) Is it within the Art Commission's jurisdiction to notify the Police of unlicensed persons selling wares in locations adjacent to street artist locations?

Yes. Any person may notify the Police of alleged unlawful activities.

(3) Is it within the Art Commission's jurisdiction to suspend or revoke the certificate of a street artist who has obstructed the duty or performance of the Art Inspector or any other staff member of the Art Commission?

Yes. Part III, Section 24, of the San Francisco Municipal Code (cited above) further provides as follows:

> Any department authorized to issue, revoke or transfer permits or to act on applications for any of said purposes, may detail such members or employees of said department as are required for the investigation and inspection of applications for permits subject to issuance by said department, and for the inspection or regulation of the conduct of any business or occupation, under said permit . . .

Thus, the Art Commission, as a permit-issuing department, may authorize its Art Inspector or other members of its staff to perform those duties necessary to insure that the street artists it certifies comply with all applicable regulations. Where a street artist so obstructs the Art Inspector or other members of the Commission's staff in the performance of his or her duties that enforcement of the street artist regulations may not properly be carried out, the Commission is empowered to suspend or revoke the street artist's certificate, after public hearing, both pursuant to its express power to revoke for good cause under the street artist regulations and pursuant to its broad discretionary powers under Section 26 of Part III, supra.

(4) Is it within the Art Commission's jurisdiction to suspend or revoke the certificate of a street artist who has assaulted (a) the Art Inspector or any other staff person of the Art Commission, (b) another street artist, or (c) a customer or any person at the artist's sales location?

Yes. The Art Commission is expressly empowered to suspend or revoke the certificate of any street artist after a public hearing for good cause shown. In addition, the Commission is specifically empowered to suspend or revoke a street artist's certificate when, after public hearing, it appears that the street artist is conducting his or her business in a "disorderly, improper or hazardous manner." Part III, Section 24, supra.

(5) Should the Art Commission require submittal of a Police report before suspending or revoking the certificate of a street artist who has assaulted the persons set forth in (4) above?

The Commission may, but need not, require submittal of a Police report before proceeding with the suspension or revocation of a street artist's certificate. The procedures followed by the Art Commission or other permit-issuing bodies for the suspension or revocation of permits is a civil proceeding separate and apart from any criminal sanctions that may be applicable.

* * *

As we have previously discussed, certain of the matters discussed above will be clarified in the forthcoming modification of the Art Commission's rules and regulations. If you have any further questions in the meantime, please do not hesitate to contact the undersigned.

REGULATING STREET ARTISTS

This bulletin will serve to familiarize members with Article 24 of the Municipal Police Code, Regulating Street Artists and the enforcement of violations of its sections; it supersedes Articles 24.1 and 24.2 which have been repealed.

The Art Commission issues each artist a certificate that is valid for a period of three months from the date of issuance. The certificate entitles the artist to engage in the display and sale of the specific art or craft item set forth in the certificate.

Specific areas are designated by the Board of Supervisors for street artists to display and sell their items. Artists are assigned specific stalls as a result of a lottery conducted by the Art Commission. A document verifying such assignment is given to each artist.

Street artist activities are also regulated by the Municipal Police Code as follows:

Section 2403 Age Eligibility for Street Artist

No person under the age of sixteen is eligible for certification as a street artist.

Section 2404 Street Artist Certificate

(b) A Street Artist Certificate cannot be transferred to any other person.

(c) Each street artist shall have a Street Artist Certificate Card containing a photograph of the artist, the certificate number of all members of the family unit and the number of the certificate displayed at all times.

Section 2405 Regulations for Street Artists

(a) Artists shall sell only those specific handcrafted art or craft items for which the artist has been certified.
